

# Good bye Speech

I've heard these speeches year after year but when I was younger I never really understood why people wrote them. It's hard for me to say how much I love this school and how much it's given me. Day by day, week by week, year by year, I have learned something new.

From my first toddler teacher Mrs. Krista to Mrs. Lynda to Mrs. Sara and my favorite teachers Mrs. Saadia and Ms. Lizby. From counting my first numbers to researching things across the oceans, Sherwood Forest has given me everything I need to move on. My favorite memory of this school is the kindergarten bowling field trip with Mrs. Lynda. It's my favorite memory because I was with most of my friends that I'm with now even if I don't remember all the details of that field trip. I'm very sad to be leaving but very happy to be going to a new school and making new friends.
